Dear Jason Reese,

On behalf of the City of Indianapolis, the Marion County Health Department, and Health by Design, thanks for your assistance with the Mayor's Bike Ride on Saturday, May 16. This event to celebrate a new era in biking in Indianapolis was indeed successful and enjoyed by all who participated. It gave our city a chance to recognize and celebrate biking's impact on air quality, public health, sustainability, and overall quality of life. Even the rain could not dampen the enthusiasm among the crowd.

An event of this caliber is only possible with the contributions from community-spirited individuals like you who freely give of themselves for the benefit of all. I am grateful for your participation in making the Mayor's Bike Ride a success and hope you take the time to get out on the bike lanes.

Sincerely,

A handwritten signature in black ink that reads "Gregory A. Ballard".
